Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 15 and 22-25 rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention.

A) Claim 15 recites the limitation "holding frame" in line 3. There is insufficient antecedent basis for this limitation in the claim.

B) Claim 22 recites "...at least one lever member...at least one engagement member arranged to be actuated by a lever member".

This recitation is considered unclear, as to whether the second lever recited in the above recitation is the same as the first lever.

As best understood, the recitation is referring to only lever 41 in Figure 6A. However, the recitation of "one lever member" followed by "a lever member" implies two separate lever members are being claimed.

Examiner's Comments

4. The above application is in a condition for allowance, except for the above two minor problems. The Examiner twice called the Applicant's representative, Joseph Kolasch to attempt to resolve these two outstanding issues by phone. Each time, the Examiner received Mr. Kolasch's voice mail. Two messages left by voice mail were not returned, so the Examiner found it necessary to prepare this Office Action to meet PTO schedule requirements.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Bryan Fischmann whose telephone number is (703) 306-5955. The examiner can normally be reached on Monday through Friday from 8:30 to 5:00.

If attempts to reach the Examiner by telephone are unsuccessful, the examiner's supervisor, Brian Johnson, can be reached on (703) 308-0885. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
